9:30 - 10:45 a.m. Walk

10:45 - 11 a.m. Return to The Sanctuary

Enjoy part of the six miles of trails along beautiful Lake Whitehall in a 5K (3.01 miles or walk to your ability) over our roughly one-hour walk. This walk supports The Sanctuary at Woodville’s continued Kingdom work and spiritual formation focus. We ask you to seek donations from your friends and family for your walk. The Sanctuary at Woodville brings people from area churches together to help grow God's work. We are a place where one can come to grow deeper with the Lord with other believers, or attend our various offerings that smaller churches cannot traditionally offer or even plan a personal day retreat. We do not seek to pull people away from their churches, but instead to help them grow them in ways small churches (and some large churches) struggle to. The Sanctuary also provides a place where individuals and church leaders can get away to pray, listen to God and plan in a rural setting that is not far from Boston (40-45 minutes) and Worcester (30-35 minutes).
